

## August 21 – 23, 2023

The International Tennis Hall of Fame will host an inaugural event to bring together a multicultural learning experience for TeamFAME and the Israel Tennis and Education Centers (ITEC) – two like-minded organizations who share similar missions and goals of bringing life-changing opportunities to youth through the sport of tennis.

ITEC and TeamFAME will demonstrate the power of “Building Bridges through Tennis” by representing the power of helping youth become more globally aware and find a future through a healthy lifestyle, commitment to education, friendship, and achievement in life, through the sport of tennis.

Benefactors: Sherry and Ken Fardie

## SCHEDULE OF EVENTS (subject to change)

### Monday, August 21
