ISRAEL TENNIS & EDUCATION CENTERS

Make an impact with your Charitable Dollars through your Donor Advised Fund

What is a Donor Advised Fund?

A Donor Advised Fund (DAF) is an account you establish with an administrator such as a community foundation, bank, investment firm or other financial services provider.

Some institutions have minimum amounts and differing distribution requirements. However, all share one benefit: you give to the fund when you want, then you recommend how and when the funds are used.

With a DAF, you advise your account administrator about distributing funds, and in most cases your administrator will follow your advice.

Recommending a grant to ITEC takes just a few minutes. You have already committed the funds inside your DAF to charitable causes, so now you can make a difference for children across Israel today.

An Investment Account Like No Other

With a DAF, you can put money in when it fits your tax plan and recommend grants whenever you choose. This gives you the control and freedom to add funds or make grants on your own timeline.

Benefits of a Donor Advised Fund

- Control the timing of your donations
- Streamline your charitable giving
- Pass advisory privileges to children or friends
- Name ITEC as a beneficiary of your fund to create a lasting legacy

Other Considerations

- Efficient and easy to recommend charitable grants
- You choose whether to share your name with us
- Your fund can accept stock for capital gains benefits

If any of these benefits appeal to you, giving from your Donor Advised Fund may be right for you. Your account administrator invests the fund, and you recommend gifts to the charities you love when you want. There is no new out-of-pocket expense when you use your DAF to support ITEC!

How to Recommend a Grant to ITEC

1 Log In Log in to your DAF account online, or call your fund administrator.

2 Search Search for ITEC using our Federal Tax ID: 13-2961273.

3 Recommend Recommend your grant amount and, if you wish, a program you care about most.

4 Share Your Name Share your name with us when your administrator asks, so we can thank you personally.

Make Your Fund's Legacy Last

Many DAFs pass to a successor advisor, yet relatively few name a charity as the final recipient. You can name ITEC as a full or partial beneficiary of your fund in a few minutes with your administrator. It is a simple way to ensure your values continue to support children and youth across Israel for generations, and a natural path into our Yitzhak & Leah Rabin Fellowship Society.

Age 70½ or Older? Give From Your IRA

A Qualified Charitable Distribution (QCD) sends funds directly from your IRA to ITEC. The amount is not counted as taxable income and can satisfy your required minimum distribution.

- Give up to $111,000 in 2026 ($222,000 for couples with separate IRAs)
- Your gift must leave your IRA by December 31 to count for this tax year
- QCDs must go directly to a charity and cannot be made to a donor advised fund

Good to know: because you received your tax benefit when you funded your DAF, grants cannot be used for event tickets, dinners or other benefits, and we will thank you with a grant acknowledgment rather than a tax receipt.
